Has had its first day's selling. Quite a number were so well pleased with some of the goods they saw at our opening Saturday night, that they said: "I am coming after that Monday," and sure enough they did and gave us a very lively day's business. Thanks, call again. We shall not turn the edge of appetite by awkward telling-your eyes shall be the arbiters of beauty. Ours to announce and invite; yours-well, it's all for you; to see, to study, to admire-to buy and wear, if the prettiness tempts. We will pay the printer to reflect the news and views of the store, not to induce you to buy; the goods must do that for themselves. Should you overbuy your money is waiting for you if you'd rather have it than the merchandise. We have almost anything you want, and plenty. There's interest here for the whole family.
